<b>Resort Summary</b>	Nestled in the heart of West Virginia, Adventures on the Gorge has combined a premier location, industry expertise, and a deep enthusiasm for adventure to create a vacation experience unlike any other. Drawn to the rim of the New River Gorge by world-class whitewater, rock climbing, mountain biking, and hiking, the founders of Adventures on the Gorge were driven to create a resort that could live up to the natural wonders that surrounded it. So, we took what nature had provided and added more than 47 years of outdoor experience, a devoted staff, and a drive to inspire others to experience the outdoors. The result was the world's premier adventure resort. We guide people. The most obvious way is that we guide them while they are participating in an activity. But it goes deeper than that. We are guiding them to do things that most of them would otherwise never be able to do because they don't have the expertise, the gear, the access to outdoor places, or maybe even the courage to do it on their own. On another level, we also want to be the best in our industry and the best we can be. We want to be leaders. We welcome people from around the world to AOTG. You will be amazed at how many people you meet

on our campus from different states, countries, and interesting backgrounds. Our staff travel the world, following their passion for the outdoors. The experiences, skills, and stories they bring back are part of what makes us leaders. We are located in one of the most beautiful and special places on earth. It is our privilege share it with others. It is about more than just sharing this specific outdoor place, though. It is also about sharing “the outdoors”. Spending time outdoors makes us feel better – physically, mentally, emotionally. We enjoy helping people discover that for themselves.
